Comentario del Profesor Core:

Agustin is a kind, quiet, and positive student. He always has something to share with the class, and he sometimes contributes to classroom discussions. Agus has needed constant reminders to stay on task and to control himself in his interactions with classmates and teachers; because of this, he has struggled to understand some concepts. He has required support in organization and attention. His results show growth in his reading level, but leave room for improvement in math and Language. Agus can use the EDMENTUM page to work at his own pace and on the topics, he needs, such as Past Tense of verbs and punctuation. He can work on both areas during a vacation to be able to reach all his goals in the next school year.
