TEACHER	COMMENTS
Paula Suarez	Santiago has made a smooth transition into our class despite joining since the school year had started. The whole group was very open to him, and he was able to make a lot of friends. He has adapted well to the different areas of our curriculum and has quickly caught up with his peers. Academically, he has shown strong progress and is developing important skills. To further support his growth, we recommend continuing to practice the times tables at home. This will help solidify his understanding and ensure his continued success in math. We are proud of Santiago's achievements and look forward to his continued progress!

GRADING SCALE	BEHAVIOR/DISCIPLINE SCALE
DM+ / DM: Demonstrate Mastery	A: Leads the fulfillment of the commitments established for healthy social coexistence.
ME+ / ME: Meet expectations	B: It complies with the commitments established for healthy social coexistence.
AE+ / AE: Approaching Expectations	C: Occasionally fails to comply with the commitments established for healthy social coexistence.
